

INFRAECTS AND SUCABA ANNOUNCE JOINT VENTURE
Organizations combine strengths to provide total EPM life-cycle solution

Utrecht, The Netherlands & Stockholm, Sweden - 16 March 2017 – Today, Infratects and Sucaba two of Europe’s foremost providers of Enterprise Performance Management (EPM) and Business Intelligence (BI) Consulting & Services have announced a joint venture during the annual Top Gun conference in Amsterdam.

Operating since 2000 and 2004 respectively, Infratects & Sucaba have a long history of providing expert services to the marketplace and have respectively grown their senior consulting teams in their respective geographies in this time, Infratects focusing heavily on the technical side, Sucaba on the functional side.

With our Financial Close, Enterprise Planning, Management Reporting, Integration and Master Data offerings supported by our advisory, consulting, managed services and cloud & hosting practices we believe we have a compelling argument to become the partner of choice for the Oracle EPM & BI marketplace in Europe.

From this point forward we will be announcing the opening of JV entities where needed to service our clients. We will be operating jointly for all projects and RFP’s moving forward exposing our clients to the combined strength of our consulting force, product and service offerings.

This joint venture will result in the single largest EPM one-stop-shop in Europe with 141 staff, representing 28 nationalities distributed over 10 offices in 9 countries, a truly multi-cultural and multilingual enterprise. Whatever your language, English, Swedish, Finance or Technology we have someone who speaks it fluently.
